Thinking about a change?

ED Modular is a new business unit within the company, and is in the process of opening a modular building factory. We are utilizing the latest technology, vertical integration techniques and Lean manufacturing to revolutionize the industry. Instead of constructing buildings, we believe the future is in manufacturing them away from the jobsite. So, if you're creative, passionate and enjoy working with like-minded people, why wouldn't you want to help us revolutionize the construction industry?

In case you're curious, here's what the industry [thinks of us](#) and some cool [things we have done](#).

You as Drywaller will:

- Hang drywall on walls and ceilings, and cutting to fit for Modular projects
- Patch, tape, sand, mud, and plaster drywall to remove seams and fill gaps
- Develop, maintain, and secure a spare parts inventory of basic maintenance hand and power tools
- Ensure that the quality of work is to standard and is being completed on time in accordance with Module manufacturing schedules

Is this the right role for you?

- High school Diploma or equivalent
- 3+ years of relevant experience installing drywall
- Knowledge and usage of measuring and testing devices, hand and power tools
- Experience with the use of taping and mudding tools is preferred
- Experience with steel framing is an asset

EllisDon is proud to provide this unique career opportunity within a progressive environment with continuous learning and opportunity for growth, as well as a competitive compensation package.

Go ahead and be yourself. We'll pay you for it!

We are an equal opportunity employer. While only qualified candidates will be contacted for an interview, be sure to continually check our website for other related positions as they are posted.
